<sup>2</sup>Driver side has auto up/down function, with pinch protection and timer. <sup>3</sup>ADAS are driving support systems which may not operate optimally under all driving conditions or for all objects. The driver is always responsible for safe and attentive driving and observance of traffic regulations. See Owner's Manual for complete details on system operation and limitations. <sup>4</sup>Manual & Intelligent Speed Limiter. <sup>5</sup>SRS: Supplemental Restraint System. Must be used in conjunction with seatbelts. <sup>6</sup>According to conditions, the Stop & Start system will automatically stop and restart the engine when the vehicle comes to a standstill to reduce fuel consumption and emissions.
